Dear Mr. Sulds:

Thank you for your letter of August 9, 1966. I am very pleased to see that you are going ahead on the project and will try to be of every assistance to you.

You enclosed two lists of schools/stations. I am sorry to say that the only list of stations I have here is of IBS member stations, and thus couldn't beetoo helpful in providing the Call letters of non-members. In cases where I knew there was a station, but didnnot know the Call, I put an "E" in the margin. At institutions where I definitely knew that there is not a station, there is an "N" in the margin.

There will probably be a bit of change in the picture in the couple of months ahead, although it should be slight. For example, I believe that WUOD at the University of Detroit will be leaving the System, and that WRUC at Schenectady (Union) will be joining.

I do not have material here to accurately state whether many of these stations are commercial or not. You can sell to the 8 IVY stations...including IBS non-members at Penn and Dartmouth and 6 IBS Members...by contacting Scott Robb at 242-A Yale Station in New Haven.

I've done my best to return you the lists promptly. Please let me know how I can assist further.

Sincerely,

copy, carbon attached
